

COLLEGE RECRUITERS!

FAST, ACCURATE INFORMATION EVERYTIME!
www.gotocollegefairs.com

Maximize and increase face-to-face time at the fairs!

HOW DOES IT WORK?

- Students complete more detailed information about themselves than most prospect cards can provide pre-fair
- Registration information is translated into a barcode that students print and bring to the fair
- College representatives with a scanning device can simply scan the barcode to capture the student's data
- Upload student data from the road
- Leads will be processed and returned via email in both an ".xls" and ".csv" file format within 2-3 business days.

SCAN VIA MOBILE APP*

Download the app for FREE in Google Play or the App Store. Search "GTCF".

- \$59 access code per device (Good for one season, requires lead purchase)

The access code can only be paired with one device/phone and is non transferable.
