Presentation Schedule

Use this element for live presentations/webinars on your institution. These presentations can be live or recorded. Create a schedule of what will be available in your virtual meeting room and add the schedule here.

Please provide the link to the virtual conference 'room' that you will be using on the dates of the event (ie: Zoom, Google Hangouts, Skype, etc.). If you do not have this capability, you might want to drop in a recorded presentation or a video that would be helpful to students who want to learn more about financial aid, the honors program, residence life, etc.

Best Practice: Host webinars so that students/families can engage with you and ask questions.

Drop in your schedule of webinars/presentations for your booth. 'Label' should include title and time, 'Link' should be the link to join the presentation/webinar.
